Welcome to **Phoenix Summer Camp**. Our program offers an incredible variety of activities for children ages 6 – 12 yrs. This year our project is **“The Rainforest”**, as **2011 is the United Nations Year of the Forest**. Worldwide events and activities are planned to illustrate the importance of protecting forests everywhere. We are doing our part by introducing the rainforest, its inhabitants and the importance of preservation through hands-on experiences. Each week, Marty Cummings of **“Critters”** will be visiting with a variety of insects, arachnids, and reptiles giving the children a unique opportunity to see, hold and explore species found within this environment. In addition, the children will be exploring their creative selves through art, language and drama. To round out our camp experience, we will also be offering a weekly **soccer** clinic by **“Madskills”** and weekly **“Chess and Math”** lessons. Join us!

Staff

All summer camp staff is highly qualified, caring and knowledgeable. Each permanent staff member is a **Registered Early Childhood Educator** and holds a valid Standard CPR and emergency first aid certificate.
